

Welcome to my studio! My goal is to help all my students achieve excellence in music while discovering for themselves how rewarding it can be. I believe music study is essential for learning skills applicable to all aspects of life, such as perseverance, creativity, organization, communication, collaboration with others, and many more. It is my hope that I can help guide your student towards these areas while experiencing the joy music can bring.

#### Cancellations/Makeup Policy

Music lessons are an important time commitment equivalent to sports games, tournaments, meets, or any other extracurricular school activity. Therefore, no missed lessons will be made up except in the case of illness or a family emergency. Last minute cancellations (less than 48 hours' advance notice) for any reason other than those mentioned above will not be made up, and full fees will be charged for the missed lessons.

#### Practice

Consistent, daily practice at home is essential for progress in music. Time spent practicing is dependent upon the age and level of the student, but all students should practice an average of 5 times per week. Students will be expected to come to lessons prepared with the material and assignments handed out the previous week.
